TRAINING SCHOOL

This year the Training School has grown more than ever before. Southeastern has fully realized her responsibilities in training the teachers of the future and has taken advantage of every chance to help them prepare for their life work.

With the coming of Professor Conger as head of the Training School, that Department soon took on new life. Professor Conger has made the reorganization of Training Schools his special study and has made a name for himself along this line. If his plans for next year are put into operation, Southeastern will have one of the largest and best Training School departments in the Southwest.

The Critic Teachers have also been interested and enthusiastic for the success of the teachers under them and their pupils. They have given freely of their spare time in promoting the best interests of their teachers and pupils.

PRIMARY

Mrs. R. E. Crump, the primary instructor, has put her heart into the work and the advancement of her pupils shows that her efforts have brought results. The student teachers under her have caught some of her enthusiasm for the work and love of the small children.

THIRD AND FOURTH GRADES

Miss McKinney has also proved an excellent critic teacher. She has the ability to get her student teachers interested in their work and give the benefit of good teaching.

"THE ROSE DREAM"

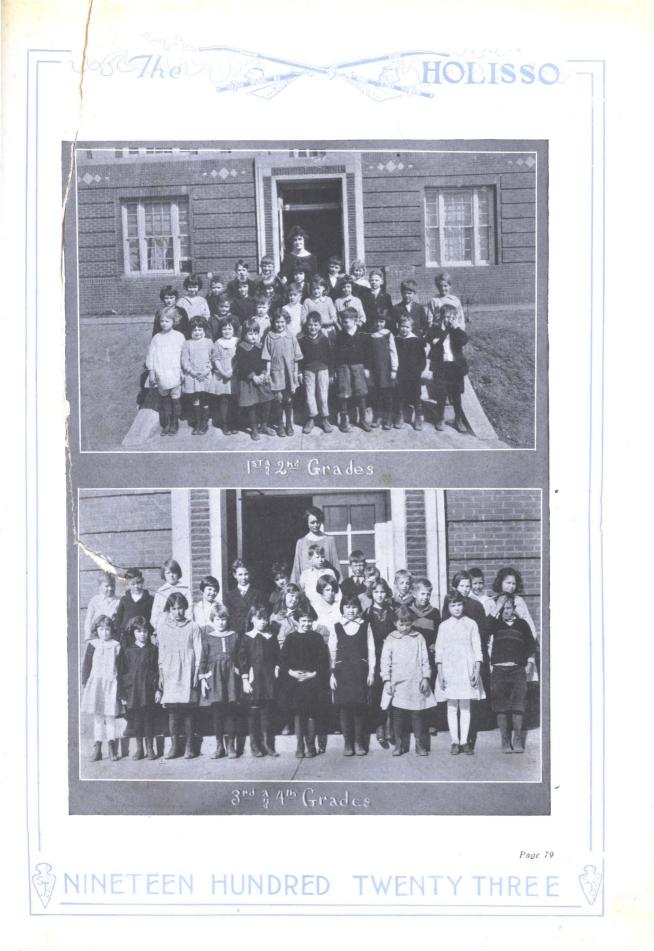

"The Rose Dream," a beautiful little fairy fantasy, was produced by the Primary and Third and Fourth Grades under the direction of Mrs. Dickerson, Miss Decker and Miss Searcy.

This little operetta was thoroughly worked out by those in charge and was one of the best programs presented this year.

The scene was laid in Fairyland where Elves, Roses and Fairies entertain the Queen and Little Rose, a child lost in Fairyland, with songs and dances.

The proceeds were used for the purchase of draperies for the stage in the College auditorium.

FIFTH AND SIXTH GRADES

76.

The Fifth and Sixth Grades are usually classed as the difficult stages for the children to pass through in the grades, but Miss Leonard has the rare ability to overcome this difficulty for her pupils. With them she is all that could be wished for in a teacher, a companion, and friend.

The pupils in turn have caught her spirit and co-operate with her in making the fifth and sixth grade room one of the pleasantest places one could wish for.

SEVENTH AND EIGHTH GRADES

Mrs. McAninch has had a very successful year with the seventh and eighth grades. Much of this success is due to the manner in which she puts herself into her work, and her ability to instil into her pupils the desire to accomplish something.

The Junior High folks are a mighty fine bunch, So jolly and happy and gay. And yet they study and work with a hunch, That surpasses all nonsense and play.

They study all day in history and math. In grammar and spelling and all, They strive day by day up wisdom's path, To prepare to answer life's call.

Then to add the activities all of them need, They have music and penmanship too, Manual training and science follows the lead And physical ed. comes in too.

Our pride in this room is a pardonable pride, For the boys and girls are the best. As they pass to the high school on the crest of the tide The teachers and they will be blest.

SUMMER SESSION

The Summer Term of the Southeastern State Teachers College represents all departments. All courses listed in the course of study will be offered. In most cases there will be several sections of each class. In this way students will be able to get the exact work that they need. There will be exceptionally strong courses in: School Administration, Educational Measurements, Intelligence Tests, High School Administration and Supervision, Primary Education, Rural School Supervision and Administration, Music and Drawing Supervision, Industrial Arts, Home Economics, Coaching and Playground Supervision.

The Summer Term is a standard term of nine weeks beginning May 29th and closing July 28th. All courses offered are of standard grade and length and work completed during the summer quarter receives the same college credit as if done during any other term of the year.

HUNDRED TWENTY THR

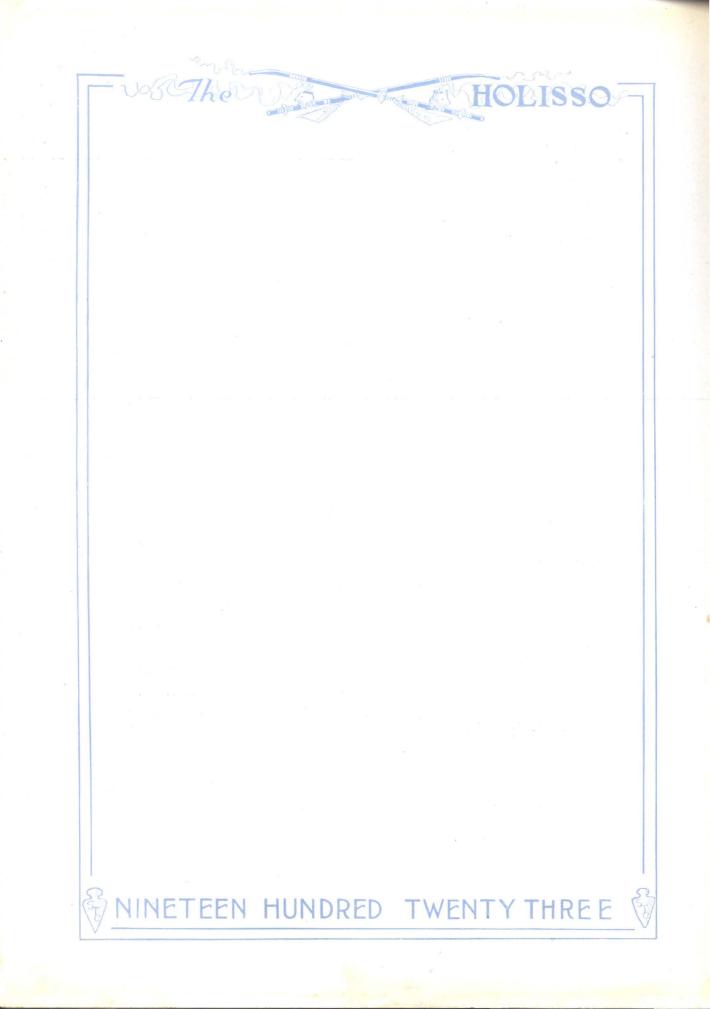

SUMMER SCHOOL

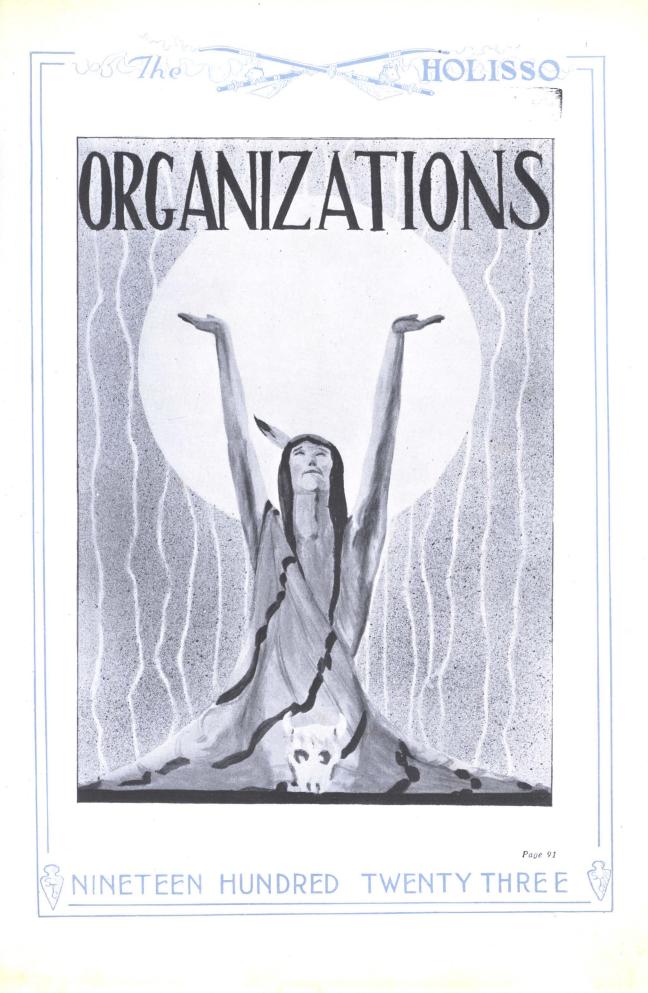

Instruction in the Summer Term will be given by all members of the regular faculty assisted by twenty-seven additional teachers. These additional teachers are among the most successful Superintendents and Principals in the State of Oklahoma. They will bring to the students in their class-room not only excellent instruction but inspiration and vision that comes only from successful experience under actual Oklahoma school conditions.

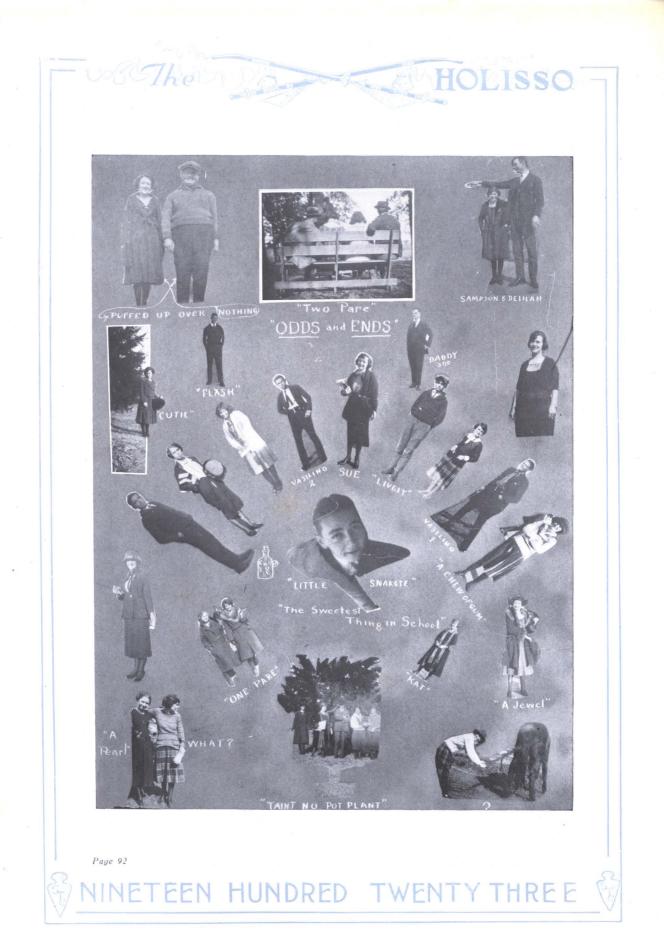

In the last few years attendance upon the Summer Term has increased very rapidly in keeping with the larger facilities which have been offered. The attendance in 1921 was 1,442, a growth of approximately one hundred per cent in three years. A striking characteristic of these terms is the large number of mature students in attendance.

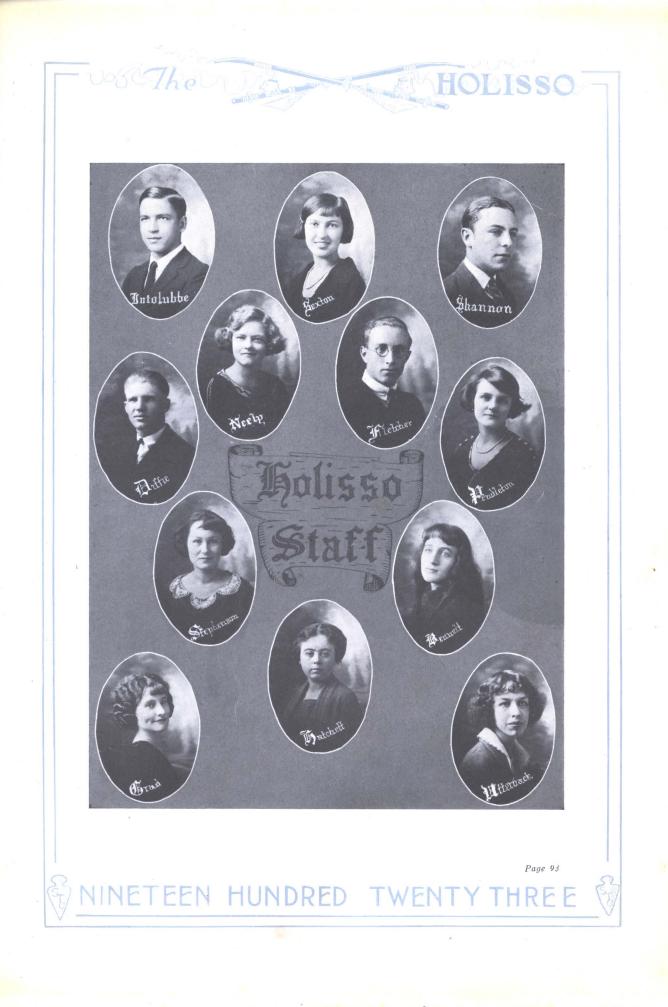

Southeastern State Teachers College is a member of the North Central Association of Colleges and Universities, and the American Association of Teachers Colleges with Class "A" Standing.

EEN HUNDRED TWENTYT

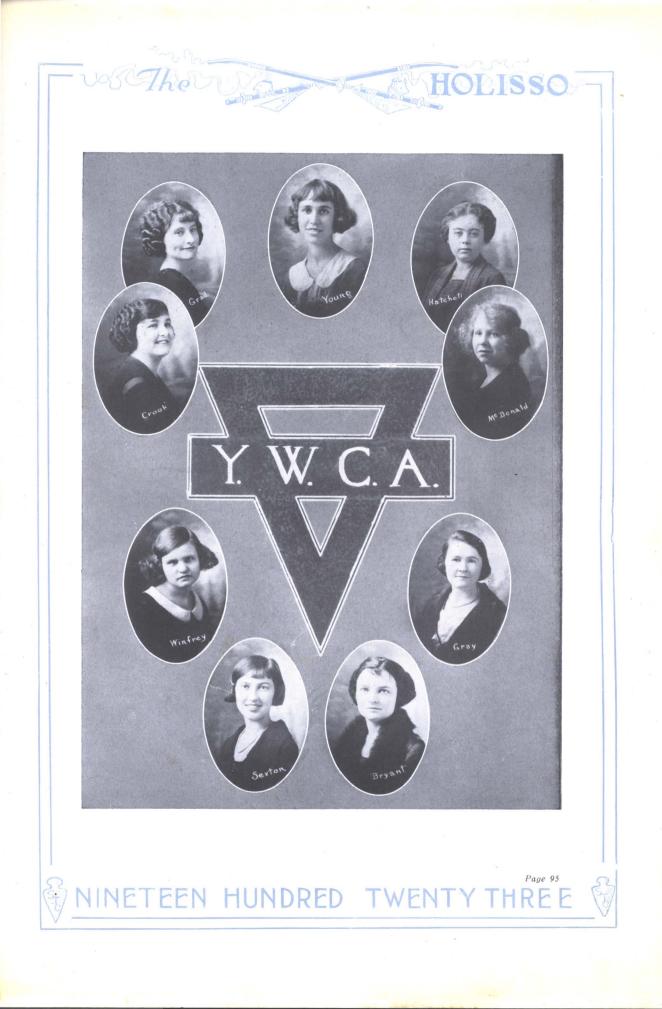

Y. W. C. A.

This year the Young Women's Christian Association of Southeastern has progressed admirably under the able leadership of their president, Tillie Frances Young. The financial difficulties were overcome by the adoption of the budget system which was sponsored by the Financial Committee. The Y. W. C. A. booth was a great asset to the association in an advertising as well as a financial way. The association has entertained two welcome guests this year, Miss Rebecca Reed, one of the national secretaries from St. Louis, and Miss Ruth Muskrat, an Indian Y. W. C. A. worker and journalism student from Kansas University.

The new cabinet will be elected in March and there is a bright outlook for next year.

JNDRED TWENT

BELL-HOPS AND HOPETTES

The Bell-Hops and Hopettes are the clubs that see to the distribution of "pep" around Southeastern. They live up to their ideals at all times and also see to it that the school as a whole keeps awake and full of life. They have given some very interesting stunts at the games.

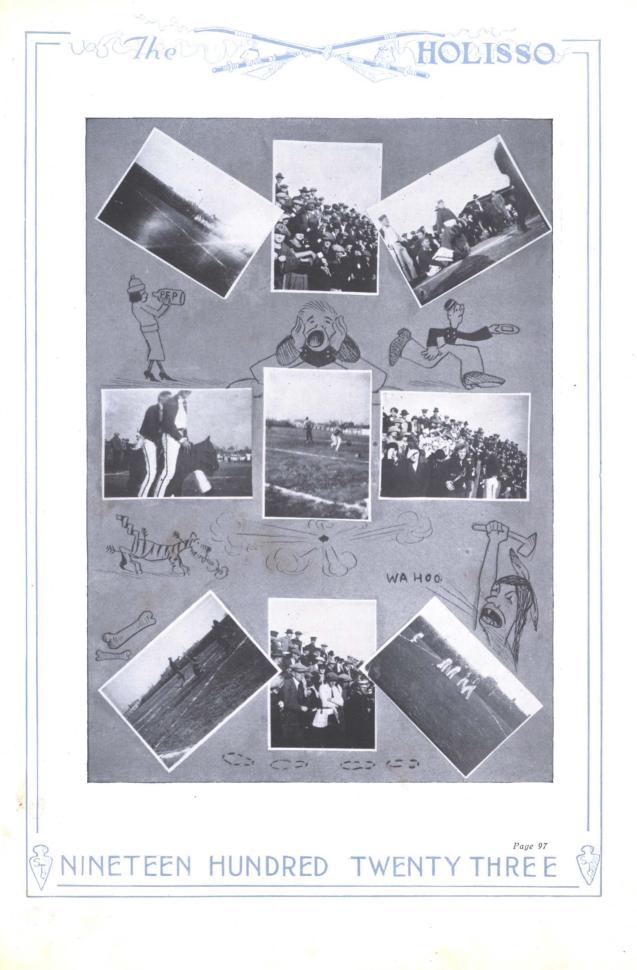

The Bell-Hops were organized last year among the boys and were so successful in their attempts to keep the school full of pep that the girls organized a similar organization this year and called it the Hopettes. They were as successful with their organization as the boys.

SHAKESPEARIAN WORKSHOP

The Shakespearian Workshop was organized in the beginning of the 1922 school year by a group of students who desired to make a study of the Shakespearian dramas and to present one of the plays. Through the efforts of this club, Dr. Byron W. King, President of the King School of Oratory, was engaged to deliver a series of lectures on the Art and Science of Expression. As a fitting close to his week's work, he presented Romeo and Juliet with a talented cast chosen from Southeastern students.

DEBATING TEAM

The Debating Team has had a very successful year. By success we do not mean the decision of the judges, although some of them have been in our favor, but we give the word a broader meaning than that and include in it the development the debaters receive from their efforts. If we take this as the measurement of our success by the effort put forth then we can truly say that Southeastern had a truly wonderful year in debate.

As a rule there is not enough credit given to our debaters in Southeastern, however this year was better than ever before. The team and coach deserved all the credit given them and a great deal more.

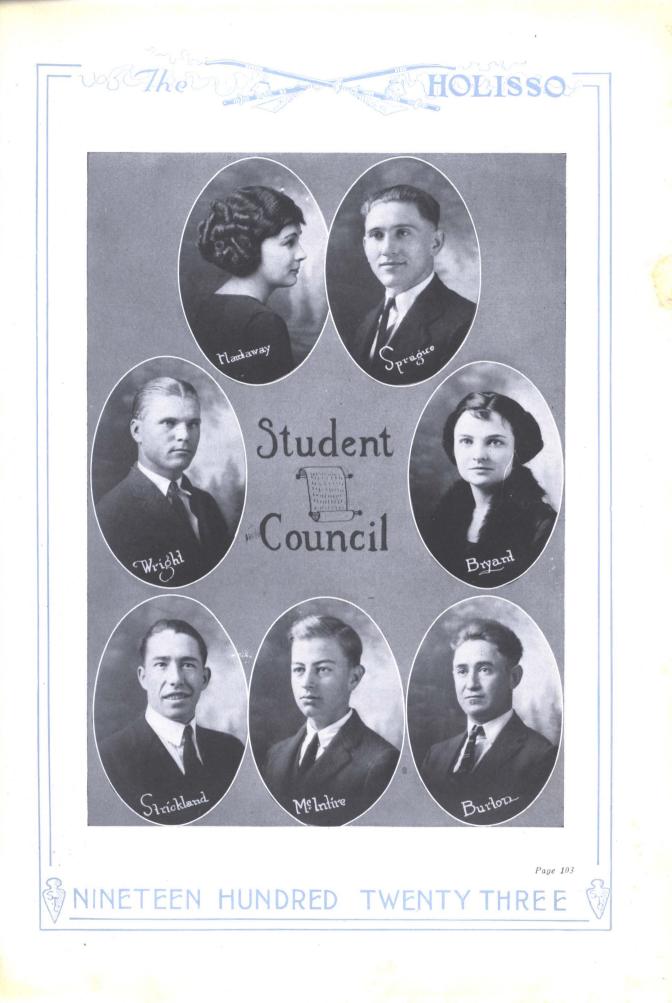

The Debaters have worked long and faithfully on their debates. Several of them were called in to take places made vacant by sickness and other causes.

Mr. Cannon also had to fill a vacancy at a late date but by hard work he was able to get into excellent shape.

The teams were:

Mr. Shannon and Mr. Donnel with Simmons, C. C. Dunlap and Vernon Snell with Denton, Rosa Robinson and Earnest Cannon with Talaquah, And Tillie Frances Young and Faye Kincaid with O. C. C. Hazel Tate and Rosa Robinson.

THE ALUMNI ASSOCIATION

The purpose of the Alumni Association is to keep the school in touch with its graduates and former students; to acquaint them with its work, its plans and its needs; to further their interests in all possible ways; and to promote fellowship and association among them by providing opportunity for their meetings.

The Association has enjoyed a phenomenal growth during the past year. The Summer Session of 1922 saw nearly four hundred added to its membership. During, the regular session of 1922-1923 many others have joined its ranks, more than forty having become members in a period of two weeks.

ACTIVITIES

Home-Coming Day was observed on Thanksgiving. On this day many of the graduates and former students of Southeastern found they way back and were here to witness the defeat of the Ada Tigers by our noble Savages. After the game the Association entertained the two teams at a banquet. More than a hundred attended this banquet. This will be one of the feature events of next year's activities.

Many teachers have secured positions during the year through the efforts of the Teacher Placing Department of the Association. This service is free to all paidup members.

The present officers of the Association are: J. Lee Cunningham, President; Blanche Fontaine, Vice-President; and C. C. Dunlap, Secretary.

MUSICAL ORGANIZATIONS

Thorn

This year has been a very successful one for the Musical Organizations at Southeastern.

Miss Julia E. Stout, the supervisor of Music is on a leave of absence at Columbia University, but Miss Stella Reynolds, assistant supervisor, has had great success with the organizations.

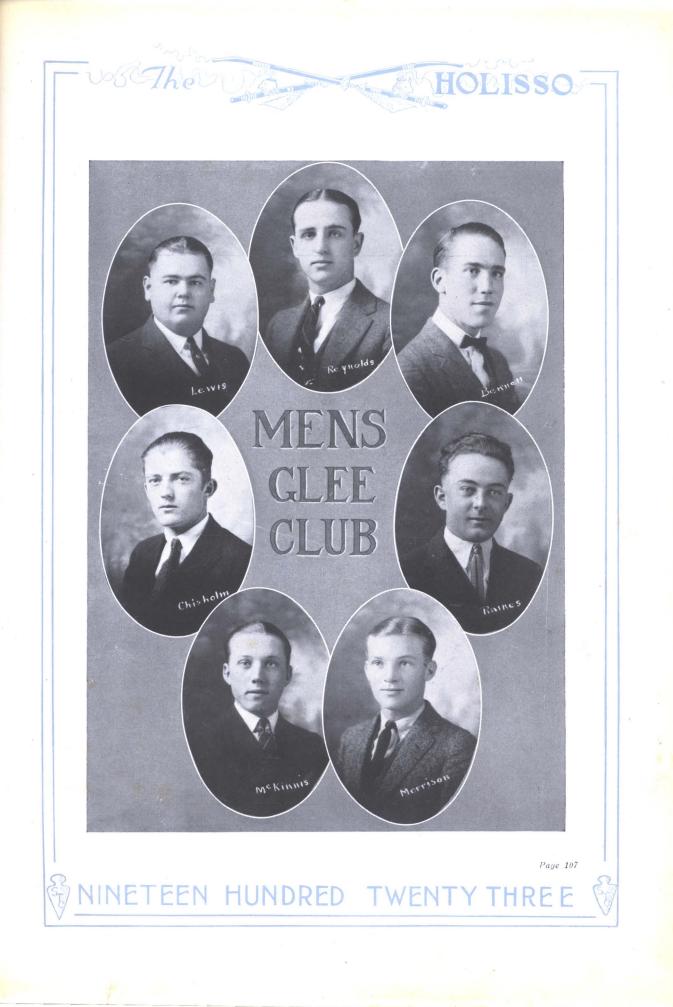

The Men's Glee Club has been very popular this year. They have made several trips this year covering a large part of Southeastern Oklahoma. They were warmly received everywhere which speaks well for their ability.

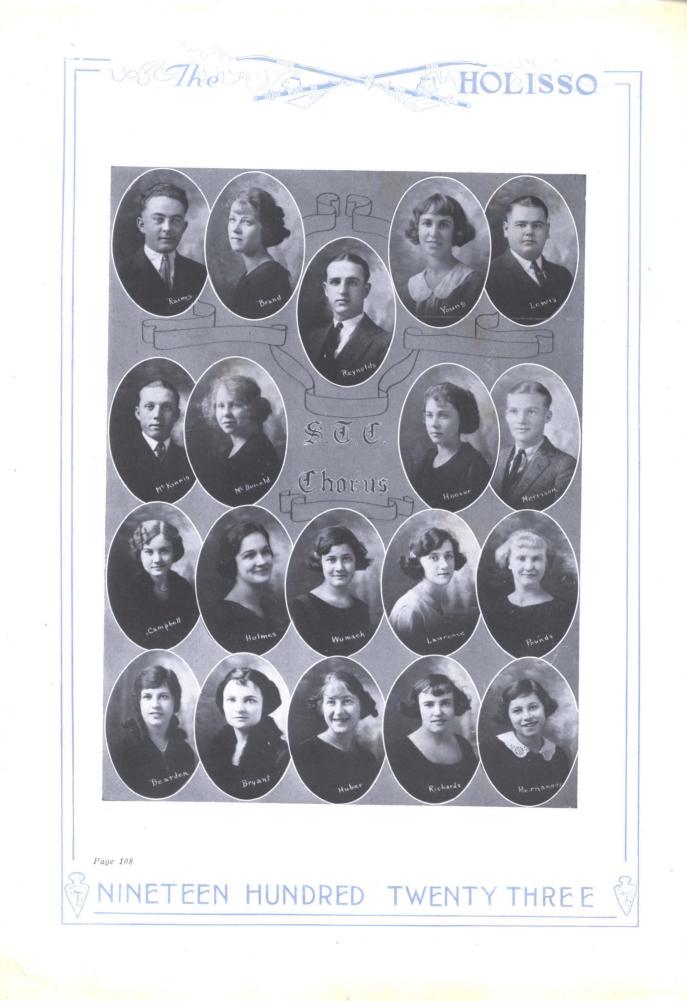

The Chorus and Girls Glee Club have also had a very successful year.

The Chorus, Orchestra and Glee Clubs gave a joint program during Music Week which was greatly enjoyed by all. They have also assisted in several other programs during the year.

The Orchestra was organized early this year and under the efficient direction of Mr. Freeman soon developed into one of the best Orchestras produced in Southeastern for several years. They have given several programs and helped with many others.

The Domestic Science girls really can cook. If you don't believe it just ask some of the boys whose names appear on that long and fatal list kept by Miss McKinney of those who, driven to rashness by the tempting odors pouring forth from the kitchen, forsook the straight and hungry path of duty and broke into the kitchen when all were gone and helped themselves to the tempting morsels.

PUBLIC SCHOOL ART

The Art Department under the direction of Mrs. Price was one of the strongest and most efficient departments in school. Some very fine work has been done this year in painting, poster painting, and commercial designing. The art department has also been of great help in preparing the art work for the Holisso. We take pleasure in expressing our appreciation here for the kind help given by Mrs. Price and her students.

Mrs. Rainey has accomplished much this year in the training of teachers in Industrial Arts for the primary grades. Special attention has also been given to the needs and conditions for art in the rural scheols.

MANUAL ARTS

The woodworking students do about everything that can be done in wood. The classes under the direction of Mr. Wheeler have made some very nice furniture and school equipment. Cedar chests, library tables, bookcases, and school cabinets have been made. The department has extensive plans for future development and co-operation.

The general atmosphere in the shop seems to tell the visitor "We can find out how to do almost anything we want to do. Help us grow so we can serve you better."

ATHLETICS

Perhaps the most significant thing in Southeastern's athletics this year is the high standard that has prevailed. The records of our teams in all forms of athletics have been set at a high mark that compares favorably with any other class 'A' college in the United States. This is not boasting, for when a comparison is made of our records with those of other schools this statement is found to be true.

Southeastern's record in foot ball is perhaps the best in the Southwest. When training was started early in the fall it became evident that the College was to have a strong team. Just how strong it was to be no one could tell, but when we invaded Arkansas and defeated the strong Henderson Brown team it then became clear that we had a stronger team than we had given ourselves credit for, so we set up and began to take notice while our boys marched through a long schedule undefeated, and rightly claimed state championship.

Basketball was as pleasing in its results for us as was our wonderful football season. When the call was made for men to start training there was an enthusiastic response and Coach Hatley soon had more men out for training than he had courts for. Our early training was somewhat hampered by the lack of a good court but the business men of Durant came to our rescue, as they always do, and soon they had a building erected for us down town that contained one of the largest basketball courts in the state. With this excellent court our boys could really develop team work and they showed their appreciation by walking over some of the strongest teams in Texas and Oklahoma. After they had overcome all opposition in this part of the country it became clear that they must go to the National Tournament. Again the business men came to our aid and sent our boys to Kansas City, where they defeated the strong K. C. Eagles, one of the strongest club teams in Kansas City, made sure of the Oklahoma Championship by defeating Weatherford, and continued on their way into the semi-finals for National Championship until they met the strong Two Harbors team, Professionals and Champions of the Northwest, and the team that held the K. C. A. C. to the closest score, but we were unable to overcome their three point lead and so had to wait until next year to bring home the National Championship Cup.

Referee Leslie Edmonds said to Coach Hatley after the Two Harbors game, "You have the best College basket ball team in America."

Coach Bell is keeping up his old name of being a master at foot ball and track coaching by putting out a track team that has overcome every opponent it has been up against this year by a very large margin, and it looks as if his track team will repeat the action of his foot ball team and take off State Championship.

Coach

Southeastern is very fortunate in having "Indian Bell" of William Jewell fame as head of athletics. After producing very successful teams last year in football, basketball and track, Mr. Bell came back this year to make good his promise to produce a greater team than ever. That he has lived up to his promise is shown by the wonderful records of his football and track teams.

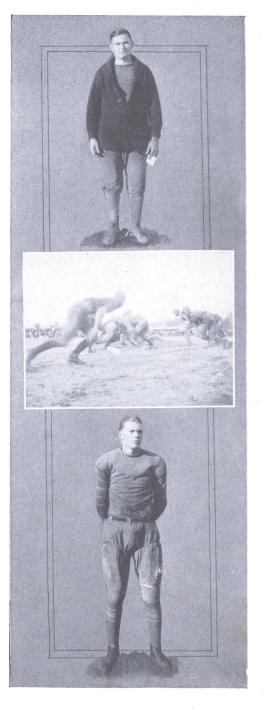

BRENNAN WITT

Witt came back this year greater than ever, which is saying a great deal. Much of the team's success can be attributed to his leadership, for Witt is a field general and knows how to manage his team. His punting and passing was the spectacle of each game. He will be better next year.

He at once became very popular here, not only because of his wonderful football playing, but also because of his fine sportsmanship. We hope he will be back next year.

FONTAINE

Half

Ott was our fast man in carrying the ball on fake plays. He has run away with the ball and crossed the line many times before the enemy could tell where the ball was. He will be back next year better than ever.

GLADNEY

Half

If the season had gone on much longer and Gladney had kept on developing his special talent, which is smashing through an enemy's line, he would have made an all-American man. We hope he starts out next year as he left off this.

M. CURRIN

"Feet" played some wonderful ball this year for he was faster than ever before. When he got started through a line he was hard to stop. In some of the games he was shifted to a line position. He showed up well as a guard.

Malone is one of the best ends Southeastern has ever produced and that's saying a lot. He was great on offensive work but his specialty was spilling the man with the ball when an attempt was made at his side of the line. We hope he comes back next year.

FARMER

Center

Farmer was one of the best men on the team. He became noted as the fighting center of Southeastern. He was always accurate in his passing and without this our great backfield would have been hampered and unable to complete their passing machine. In offensive and defensive work he was without a rival in the state.

BOYETT

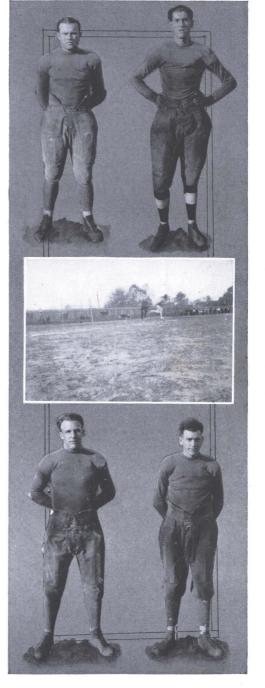

Guard

In this case Lulu was the elephant. Not only would he stop the enemy but he would cast him aside for great losses. If he weighs 15 lbs. more next year we will let him play both guards.

Denniston is another member of the Savage tribe who came into prominence by his ability to play a line position. Being rather tall and heavy he made an excellent block in our stone wall line. He will be back next year.

DIFFIE

End

Diffie's hard luck started early. His shoulder was broken in the first game. If he had been able to play in all the games our scores would have been higher for he played foot ball all the time he was in.

WILLIAMS

Half

Williams was a strong man in the strong Savage line. His best quality was backing up the line and stopping the man that did get through, which did not happen very frequently. He will be back next year.

CLEVELAND

Tackle

Cleveland was not in school when the season started but he was unable to withstand the call of the gridiron very long, so he came back and made his old place on the team. He was unable to play in all the games because of his late entrance, but he played good ball in those he was in.

Vergil played a good game all the year. He came at a time when there was a large supply of good material for ends, but he earned his place and made one of the best men on the team. He will be a regular man next year.

Crook

Tackle

Crook was out every day helping produce a good varsity by giving them a tough scrimmage. His lack of football experience kept him from making a regular place on the first team, but with this year's work he will be able to make it next year.

OTTO ROBERTS

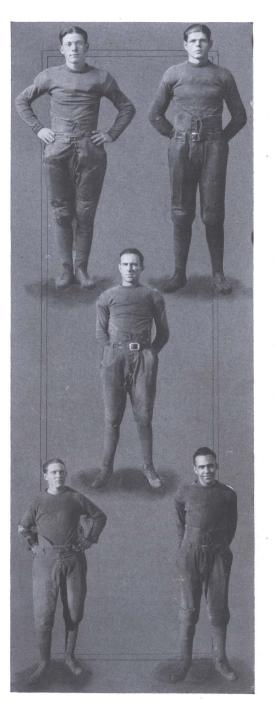

End

Otto was the baby of the team. By baby we mean in physical size only for he had more fight in proportion to his size than any other man on the team. It was his lack of weight alone that kept him from making a regular place.

GIBSON

End

This year Gibson decided to mix a little football with his athletic activities so he went out and gave it a good trial. Gibson is a wonderful pole vaulter but he was a little too light for the heavy Savage line, however he always put up a good fight.

SOUTHEASTERN FOOT BALL SQUAD

FOOT BALL

THE SEASON

The foot ball season at Southeastern opened with a great deal of interest and enthusiasm. Old men, who had proved their worth on the gridiron, were coming back to fight for the Blue and Gold again. New men were also coming in and starting out with the old men. Soon there was strong competition for places on the team and from this material Coach Bell was able to select the best team that ever represented Southeastern.

Added to this fine material and excellent coach there was more "pep" shown by the student body than ever before. It is due to this support, in a large measure, that the team was able to go through the season undefeated.

After several weeks of strenuous training the Savages had their weapons sharpened enough for the first encounter so they took a great chance and invaded the territory of Henderson Brown, one of the strongest schools in Arkansas. Their self confidence was well founded, however, for they defeated Henderson Brown in a very thrilling game by the score of 12 to 0.

After the Henderson Brown game the Savages went to Tishomingo where they defeated the Murray Aggies 33 to 0.

Page 130

NINETEEN HUNDRED TWENTY THREE

Then came the Tulsa game. Tulsa had run over everything in the state and they finally got over us. However, we held them to a closer score than did any other of their opponents and even turned a defeat into a victory by holding them to their contract and making them forfeit the game for playing ineligible men. Score 1 to 0.

We then took on the Oklahoma City College and after a very one sided game the visitors departed taking home with them the small end of the score, 102 to 0.

The next game was one in which the Savages were very interested. It was with their old rivals, East Texas at Commerce. The Texians had great hopes of repeating their victory of last year but these hopes were soon blasted for the score was 32 to 6 in our favor, however, they were the only team that scored on us this year.

The next two games were easily won by the Savages. First they tramped down to Dallas and defeated the Dallas University team by the score of 42 to 0. Then they came home and on the next week end defeated the Oklahoma Baptist University, 63 to 0.

The next game was with Burleston College at Greenville. This game was played in a hard rain and due to the bad condition of the field the Savages were unable to get their fast backfield in operation and were unable to score. But if the backfield was unable to show up at its best, the line was not hampered. It was their hard fighting that kept the heavy Burleston team from crossing our line and thus losing our record as an undefeated team.

The last game of the season was played with our old rivals at Ada. More "pep" was shown for this game than any other game in years and the team amply repaid us for our support by winning from the Enemy by the score of 41 to 0.

Philips also claimed state championship but they were not willing to settle the matter by a game with us. They didn't want to lose it.

MANAGER E. MARTIN HAGGARD

Handling of the finances of an athletic organization is one of the many difficult tasks. At the beginning of the fall term President Bennett appointed Mr. Haggard as the man to handle all the finances of the athletic organizations. He carried the football team through the season without loss and then took charge of the basketball team and has carried it through without loss. We take our hats off to the man who can make athletics pay.

THE SEASON

The Basketball season at Southeastern started off with great spirit. When Coach Hatley issued the call for men there was a great response and he soon had more men than he could take care of. From this large number of players, however, he was soon able to select an excellent team.

The schedule was rather long and heavy but the team was able to go through it without a single defeat. Page 132

HUNDRED TWENTY THREE

The Oklahoma teams that were met in the first part of the season were unable to solve our five man defense and thus were unable to get down within scoring distance of our goals, while Fannin, Witt and Leuty made baskets from all angles and distances.

The Texas teams that we took on during the middle part of the season had no better success. Austin College and Dallas University alike were unable to break up our passing, or work through our defense. The team that came closest to our Savages in goal shooting and guarding was S. M. U., and we finally won over them by the score of 29 to 25.

Then came the National Tournament and our boys set out to get the National Cup.

Our first game was with the Kansas City Eagles, a strong athletic club that was running second to the K. C. A. C.'s in the Kansas City league. It was a hard game, but the Savages came out victorious with a score of 35 to 27.

Weatherford was our next rival. They were the only team in Oklahoma that disputed our claim to state championship. This was perhaps the hardest contest of the Tournament. The score was tied several times and extra time had to be given but at last the Savages broke away from the Wetherford boys and ran up the score. Then the whistle blew and the game was ended 36 to 33.

Two Harbors, Minn. came next. This team was champion of the professional teams of the Northwest. The Savages played excellent basketball and kept the Two Harbors' team hard at work, but at last the Two Harbors' team secured a three point lead that the Savages were unable to overcome and the game ended 21 to 24.

Next year we are going back and win the Cup.

COACH GEORGE B. HATLEY

DEISS

Southeastern has in Mr. Hatley the best basketball coach in Oklahoma. The fact that he took a number of players who had never been together before and in one year turned out a team that won the state championship, and went into the semi-finals at the National Tournament is evidence of his coaching ability. He has the habit of turning out championship teams. It was his coaching that caused Caney to win the championship of Southeastern Oklahoma for several years. He also coached the Lindale team that won the state championship of Texas by defeating the great El Paso team, their first defeat in eight years. Next year Coach Hatley will take a team to Kansas City, that will win the National Championship.

CAPTAIN BRENNAN WITT

A true captain of basketball was Brennan Witt. He was always fair and never asked the advantage of any team. His telegram from Kansas City shows his true spirit, "We lost to Two Harbors, Minn., but we went down fighting." Witt was a center in basketball that always got the tip and could hit the basket from the center of the court. He played great team work, always willing that his team mates might make the easy shots and score just so Southeastern won the game.

EEN HUNDRED TWENTY THRE

A. B. HATLEY

vos Thoras

Hatley was a guarding, team-working forward, making it his business to see that the other fellow had the ball where scoring was impossible. Hatley is fast on his feet and handles the ball well. He can hit the basket but prefers to play the court, using his head to win games rather than making a high score.

CAPTAIN ELECT FANNIN

Captain Elect Fannin received honorable mention in the All America selection which is sufficient to show that he has no equal in the Southwest. Fannin is a wonder on the court, an excellent dribbler and an expert shot. He handles the ball with great ease. Teamwork is his great hobby.

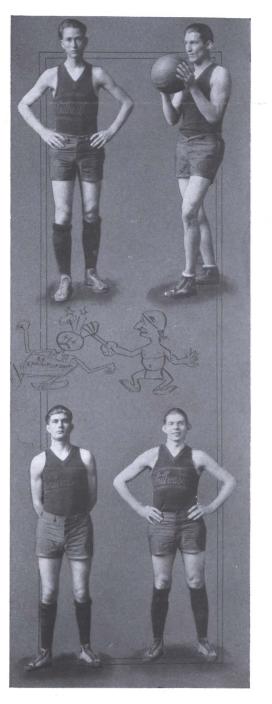

LEUTY

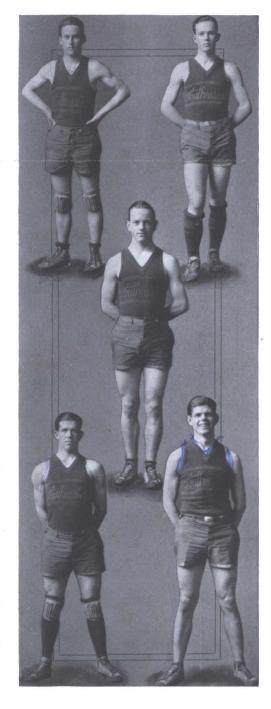

Leuty was a guard who deserved All America mention. He is one of the best running guards that was ever on a basketball court both in handling the ball and dropping it into the basket. Leuty is always at his best and was never known to get excited.

M. CURRIN

Currin was a guard who was always in the way of his opponents forward and never gave up fighting. In every writeup that the team got his work was praised. He is big and stout enough to guard the best forward. He was perfectly willing that the other boys should get the honor for scoring.

Tyree was one of the fastest men on the court in floor work and was fairly accurate in hitting the basket. He did not play in all the games but showed up well in those he was in.

KENNETH WINDES

Windes was a forward who was always found fighting and could hit the goal from all angles. In another year Windes will find few equals on the court. In several of the games this season he was a veritable whirlwind, scoring at the most difficult angles.

FONTAINE

Fontaine did not play in every game but he was fighting every minute of the games in which he played. His floor work and basket shooting is good.

DILLARD EUBANK

Playing his first year on the court he made wonderful progress. He played in some of our hardest games and was not found lacking. He learned faster on the court and showed swifter advancement than any other man. Eubank is fast, handles himself well and passes the ball with extreme accuracy.

V. CURRIN

Virgil Currin was forward-center. He played a good game and was accurate in his goal shooting. We predict a place for him on the team in another year for he has the ability and knows the game. This is his first year on a college team but he shows up well.

TRACK

Then

When the first warm days of spring begin to send the warm breezes frolicing over the campus the boys with an athletic disposition took to the cinder path and under the efficent coaching of Coach Bell the Savages soon had a strong Track Team in competition for State Championship.

OPASS

Perhaps the most significant thing in Southeastern's track record this year is the general high standard that had prevailed in all events.

In the 220, 440, and 880 Captain Harvey Cobb has no equal in the Southwest. Southeastern is always sure of three first places when Cobb runs.

Fine in the weights has broken several records and his last toss of the 16 pound shot for 43 ft. compares favorably with any College record.

Crawford in the high jump has also done good work for Southeastern.

Durham on the mile and two mile has been a complete surprise to Coach Bell and the school. He came out for track the first of the year and began to show up well in the distances but the surprise came when he ran off with the mile and two mile races in the meet with Austin College.

The first meet of the year was with Austin College at home. In this meet the Savages showed their ability as track men by running

Page 137

off with the meet. The final score was 67 to 51.

Lit-Illist

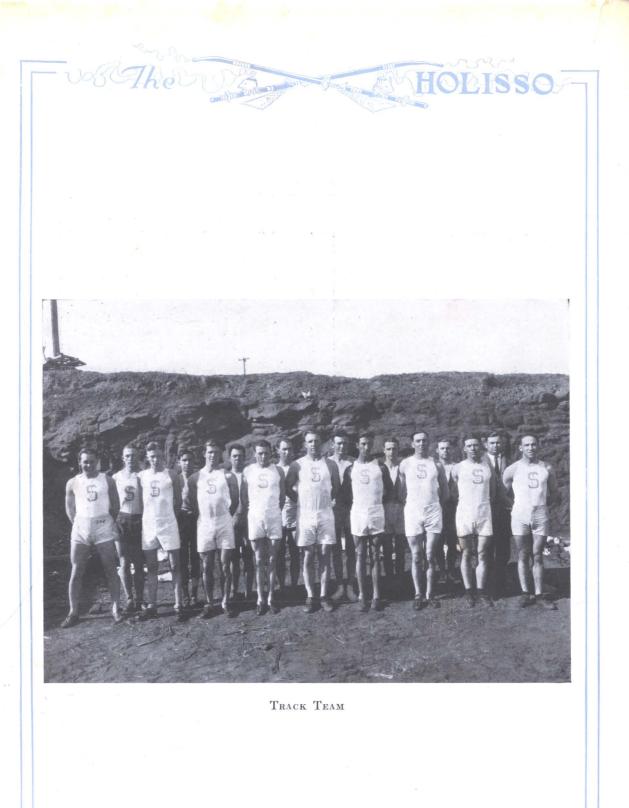

The next meet was a return meet with Austin at Sherman. This meet was very closely contested throughout but Austin got a three point lead on us in the relay and won the meet 53 to 56.

The next meet was a quadrangle meet at Shawnee between Southeastern, East Central, Oklahoma City College and Oklahoma Baptist University.

The meet was held under very bad conditions. It was raining hard and the track was covered with water. At last the meet was called off but not before South-eastern had run up 24 to 21 divided among the other three contestants.

Southeastern has an excellent chance for State Championship in Track which will finish out an all victorious season.

A true and authentic account of one of Miss McKinney's lectures to the erring young ladies of Southeastern.

"Now girls pass in very quietly and keep your feet still for it is very necessary that you attend to every word I speak and act accordingly.

"Of late, divers reports have reached the office and the ears of the faculty that are burdened with momentous suggestions to the effect that some of you have departed from the safe and solitary path, and speaking of paths, I wish you girls would quit cutting across the campus. Follow the walk duty. In fact all of you have been observed galavanting promiscuously across the athletic field augmenting your locomotion by relying for support on a boy's arm. For this and divers reasons I give you these commands:

1. "Thou shalt not rely for support on the arm of any swain; Nay, though the wind be blowing a gale and thine eyes be full of flying hair and thy slipper be full of sand. Thou shalt scorn aid and trod on alone for in this way are good suffragettes developed."

2. "Thou shalt not lean upon the arm of thy young man friend, nor on the arm of thy friend's friend, for she might become jealous.

3. "In passing through the hall, or about town, thou and thy young man friend shall keep at a respectful distance apart, which should be wide enough for three persons to pass unhampered between you.

4. "In no case shall thou touch the hand of a man, nor allow him to touch thine, for that is rude.

5. "Thou shalt not sit close to any man. Ten feet apart is good, but 'tis better to be just close enough to hear each other without shouting.

6. "When thy friend of the opposite race call in the evening at the place where thou boardest, thou shalt ask all the family in to chaperone thee.

7. "Then shalt thou take thy chair to the opposite corner from thy lover, and not alter this position.

8. "Thou shalt then converse learnedly on the weather until the man of the house yawneth the first time. Then shalt thou dismiss thy friend in great haste.

9. "Thou shalt not follow him to the door; for who knows what dangers lurk in the darkness, nor give him thy hand, but thou shalt take thy stand in the center of the room and dismiss him in clear, ringing words.

10. "As soon as thy friend leaves thou shalt retire to thine attic where thou shouldst pore over thy books until three o'clock in the morning. Then shalt thou retire to rest. At four thirty thou shalt rise, wash thy face in cold water, slick back thy hair behind thine ears and resume thy study.

11. "And last of all I command that you hold a sisterly love each to the other, for I have heard spiteful sayings said. This should not be.

ONE REAL TRAGEDY

Tandie McKinzie, the famous tenor, was singing "Little Mother O' Mine." The lights were bright, the Auditorium beautifully decorated and the people pleased. The atmosphere was one of suppressed gaiety, restrained exuberance. Ah, but who knows what bright lights, brave smiles and happy exteriors may conceal?

My attention was attracted by a man across the aisle whose nervous glance at his watch belied the smile upon his face. Something seemed to be troubling him. was he to participate in a duel? Was some horrible calamity to befall him at the fatal hour? Did his incessant reference to his time-piece mean that some crime, which he was powerless to prevent, was about to happen? I watched him closely, my hands clammy with cold sweat, my breath coming in terrible gasps.

Time dragged on. My God! would the suspense never end? Would nothing happen to break the monotony of his fixed gaze on his watch. Slowly, slowly, slowly the hands of the watch moved. As they were nearing ten, that hour when so many murders are committed, that time when so many crimes are perpetrated, a pained expression came over his face. He watched more closely, more tensely every moment of the hand which tolled off the minutes—minutes which seemed eternities. The long hand now points to eleven, the short to ten. What would happen in five more minutes? Gradually the hand moved until it reached twelve. It was ten o'clock! The fatal hour!

With trembling hands, with a pitiful expression he took a mysterious box from his pocket. Suicide! Death! Tragedy! I clutched my companion's hand which was as cold and lifeless as mine. We gazed in speechless horror too terrible to be expressed while——Mr. Houston took a pill!

BASKET BALL TEAM AT NATIONAL TOURNAMENT

VOLUME I

Coach Hatley and Manager Haggard With Eight Flayers are in Kansas City Ready for Play.

The Southeastern State Teachers College basket ball team is in Kansas City this week representing Oklahoma in the National Tournament. We won the Oklahoma Inter-Collegiate Championship in basket ball and are out for honors at the National Meet.

Coach Hatley said that his men were in the best of shape for the tournament and that he expected them to make a good showing for Southeastern. Manager Haggard accompanied the team and will help Hatley keep them in fit shape for playing.

The following players accompanied the coach and manager: Witt, Captain, Fannin, Windes, Hatley, V. Currin, M. Currin, Eulanks and Leuty. Not a better bunch of boys ever went out to represent an institution than these boys. They will put every ounce of energy they have into the game that Southeastern might get the glory. The boys and Coach Hatley are not working for selfish aims but are out to make a record for Southeastern.

A large delegation of students were at the train to see this estimable bunch of basket ball players, coach and manager off and wish them well. It was a happy occasion and means much for the future of basket ball in the greatest teachers college in Oklahoma.

EXAMINATION SCHEDULE

The final examinations for the third term will be held on Thursday and Friday, March 15 and 16th, 1923.

Thursday's Schedule

First hour subjects, 8:30 to 10:30. Second Hour subjects, 10-30 to 12:30.

Third Hour subjects, 1:00 to 3:00. Friday Schedule

Fourth hour subjects, 8:30 to 10:30. Fifth hour subjects, 10:30 to 12:30.

Sixth hour subjects, 1:00 to 3:00. New term starts Monday, March 19.

DURANT BUSINESS MEN SEND BASKET BALL TEAM TO NATIONAL TOURNAMENT

The Durant business men, knowing of the great team developed at Southeastern by Coach Hatley, decided that the Southeastern basket ball team would make a good showing at the National Tournament in Kansas City. A representative of the Durant Rotary Club and a member of the Durant Lions Club raised the \$600 necessary to send the team in about three hours time. It might be said that not a single business man turned them down on the proposition and many of them were like Bill Utterback who said, "I consider it a pleasure to contribute to such a cause, it does me good to send that team to Kansas City and I would have been mad if you had not given me a chance to contribute.' That was the spirit of all the men who contributed in raising the money. The Durant Business men believe in Southeastern and her basket ball team.

"THE ROSE DREAM"

By Fine Arts Dept.

On Saturday evening March 17th, sixty children of the Fine Arts Department, under the direction of Mrs. Dickerson, Miss Decker and Miss Searcy, will present an operetta, "The Rose Dream."

This is a beautiful little fantasy and has been so thoroughly worked out by those in charge that it promises to be the best program given this school year. The scene is laid in "Fairy Land" where Elyse Roses and fairies entertain the queen and little Rose, a child who is lost in Fairyland, with songs and dances.

The public is cordially invited to see this production put on by these young children. The admission will be 15 and 25 cents. The proceeds will go towards purchasing draperies for the stage of the college auditorium.

Mrs. George Hatley accompanied her husband to Kansas City on Thursday with the basket ball team.

FOURTH TERM BEGINS MONDAY, MARCH 19, 1923 Many New Students are Expected at Spring Term, Teachers Can Take Up Work Towards Graduation

HOLISSC

The spring term of Southeastern State Teachers College will begin March 19th. The program will be arranged that students entering for the first time will be able to get work which will count towards graduation or on a teachers certificate. Teachers who have been teaching and whose schools have closed will be able to enter and get work that they will want. The increasing of the members of the faculty will make it possible to offer much additional work to suit the students.

Classification for the new term will begin on Thursday and continue until all the students have classified. Students are expected to continue the work they have started which continues for the rest of the semester.

The enrollment will reach 1100 by the end of the first week of the new term which will make Southeastern the largest teachers college in Oklahoma.

THIS IS CLEAN-UP WEEK

Students of Southeastern, this is to notify you that this week is clean up week. All trash such as bits of paper, fruits, chewing gum wrappers, candy wrappers, paper boxes and everything that you have been throwing upon the floor and on the campus must be thrown into waste baskets which shall be placed in various places for the purpose.

To those who eat luncheon in the building, please put your waste paper in waste baskets which are placed conveniently in the auditorium and the basement.

Shall we begin the last term of the year with a clean building? The Council.

Isn't it about time to have another Near East Conference?

Editor's Note

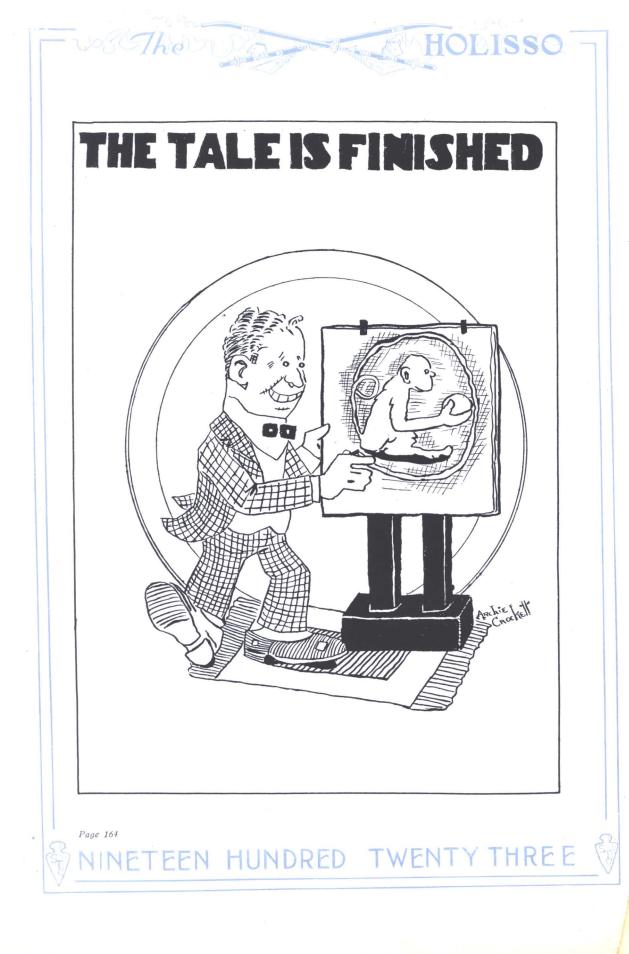

This year it has been our earnest endeavor to give to you an annual which is representative of the entire school and student body. We have not been able to cover everything hoped for. If we have failed to run your picture in some of the kodaks or to mention your name it is very likely due to an oversight on our part and we ask you to make the best of it and say nothing.

Although this book is not perfect we have tried to profit by the different criticisms made on each Holisso of the past, and have done our best and we therefore have no apologies to offer.

DEDICATION

(No. 2)

To their enemies, one hundred fifteen of 'em, whom deceitful fate led to believe were their friends, when they voted for them last October. The Editor and Business Manager do hereby maliciously and disrespectfully dedicate to them and their heirs and assignees, forever, the many outbursts of profanity, agitated moments, the terrible strain and hours of worry spent as a result of this book. May Fate strew in their paths a pestiferous malevolence that will abide with them for all time.

THINGS WE WERE PAID TO PRINT

Ed Bennett is said to attribute his success on the track to the fact that he has on several occasions terminated his Sunday nite dates rather abruptly, caused from gazing briefly into the muzzle of a shot gun.

We wish to right a great wrong. There is a general feeling that Dan Reynolds has entirely too many dates. However on several nights when he supposedly had dates he was seen riding alone on the pikes. At least that is the way it looked to us.

ONCE IN A LIFE TIME

An event of lasting importance, that brings a peculiar thrill and awakens emotions that cling to us all through life.

The sweet Girl Graduate, as well as the manly Chaps, who are soon to get their diplomas, must be remembered with "GIFTS THAT LAST," encouraging them to greater efforts by tokens of love, appreciation and esteem.

The things of the world that have endured for ages are examples of the wisdom of quality. The cheap things are passed on and are forgotten. Our display of Diamond Rings and Gruen Watches was never more at-

tractive than at this time. Come in and let us help you select an appropriate gift. This store's service is yours to enjoy, no matter how much or how little you expect to pay.

Verily this day and generation, the father raiseth his boy on the streets and in the domino parlors. He lieth around the soda fountains and imbibeth the microbe of perverted taste, the book worm. He groweth in the knowledge of nothing save cigarettes and cusswords. When he attaineth the age of sixteen, he acquireth a pair of "sheik" breeches, two feet wider at the horn (bottom) than they are at the top. He displayeth a noisy pair of socks with purple background and violet to the front. He weareth low cut tan shoes and a green sash and looketh like a banana merchant in the streets of Cairo. The inside of his head looketh like the inside of a pumpkin. He falleth in love with a spindle shanked girl with pulled out eye-brows and bobbed off hair and longeth for an automobile that he may drive her forth in the springtime. His mind turneth to the vanities of life and not to the high cost of corn bread. He shooteth craps and giveth no thought to the multiplication table. He useth perfume and stacomb until he rivalleth a billy goat. Verily, verily, he needeth a board applied to the southwest corner of his anatomy until he hollereth calf rope—SELAH.

Thereupon he tried on An amateur affair But he lost it on a fumble And instead he bit the air.

Then he tried another And the maid did shyly say You're penalized for holding Brennan Likewise for off side play.

Then fiercely he tried another This time succeeding fine For he made a bully touchdown On that warm two yard line.

As they sat there silent Communing soul to soul The parlor door swung open And father kicked for goal.

has nothing on our moving man. He keeps going from early morn till late at night moving the belongings of restless folks. Our moving men are big husky fellows who think naught of throwing a sideboard or bookcase on their back and climbing stairs with it. Call us up when you want to "get a move-on."
